

February 2016

Luther and Martha Smith

Missionaries to Papua New Guinea

2016 is a time of beginnings here in Wau. Our summer vacation is over and February is the start of so many new things. Our Bible school has begun with our students beginning their second year of study. All of our families have returned except one. They all gave a good report of how God had used them to win souls and to strengthen the churches during their break. Please pray for them as they continue to further their studies for the ministry ahead of them.

Wau Christian School has begun its 18th year and we have 40 children enrolled so far. Another blessing occurred for our school. Joy Specht and Lori Blume decided to ask Face Book friends to send any used books for the library at our school. They expected close to 1,000 books, but the Lord had other plans. They are sending 3,500 books in 42 boxes weighting 1,500 pounds! Wow! Their Dad, Jim Blume was there to help!

The Lord has blessed seeing many new babies born. This month we have had two baby dedications, seeing 5 families give their children to the Lord. May the Lord bless these little ones and instruct their parents as they lead them in God's ways!

As we began our schools, the public schools also began. With so many children in our church beginning school they were called forward and they also were dedicated to the Lord, praying for their safety and well being as they make a new start. Our children are

a sweet heritage and our prayer is that they will be faithful to God in the years ahead.

We also rejoice in seeing members of Wau Baptist taking a new interest in the the ministries of the church. This is a blessing to us. We look forward in seeing what the Lord has in store for us in 2016!

Thank you for your many prayers and support for us, your missionaries!
